Preface

STATESVILLE, N. C.

Statesville, "The Best Town in North Carolina," is located on the main line of Southern Railway from Washington to Chattanooga, branch line from Charlotte to Taylorsville, on State Highways Nos. 10, 26 and 90. Main industries, manufacturing, agriculture and merchandise. Some 70 manufacturing plants are in or around the city, manufacturing a diversified line of products. (See classified part of the directory). Statesville is a well-balanced city as the business is diversified.

In the 1932-1933 directory, the miscellaneous information has been put in the alphabetical and business sections of the book, where it should be. A complete canvass of the city has been made by experienced directory workers and the information is as correct as can be obtained in a work of this kind. Thanking the public for their interest in giving the information.

FIRE ALARM BOXES

If a box is not near you, call FIRE DEPARTMENT and give exact location of fire. The Call Box number is determined by the slight pause in the alarm between the numerals, for instance two alarms, pause, one alarm, pause, three alarms means the call is from Box 213. The first call number can be quickly located as the 1s, 2s, 3s, etc., are grouped together on this page. The full alarm is repeated four times with long pause between each full alarm.

C. L. GILBERT, Fire Chief.
